Front-End Developer (M/F/X)

Are you passionate about development? Do you LOVE creating solutions to convert design into unique user experiences? Do you want to be part of a company that will help you to grow and gain skills? If so, join ACENSI as a Front-End Developer!

What will you do ?

- Analyze the functional and technical specifications
- Implement and develop new features in complementarity with the backend and UX team
- Collaborate with the project and testing team
- Improve existing features and user interface
- Develop precise documentation

What are your skills ?

- You enjoy working in a team
- You have good communication skills
- You are detail-oriented but keep the big picture in mind
- You are proficient in Javascript, HTML5, CSS3, Typescript
- You have experience in working with Angular, RestJS frameworks
- You speak English and French fluently. Speaking Dutch would be an asset
- Preferable: you know the Agile Scrum methodology
